RE: Solid Waste Payments

Dear Sir/Madam:

To improve operational efficiency and maximize employee output, we are changing the handling of Solid Waste payments. Beginning July 1, 2023, in person payments will only be accepted on Tuesdays and Thursdays. The normal business day hours apply.

A process is being established to accommodate exact payment drop offs. It will be essential to include the return portion of the statement card with account number, amount, etc. Your cooperation and consideration are appreciated.

Sincerely,

Kelvin C. Lewis
